- **Frontend:** React.js, React Native, Tailwind CSS, HTML5, CSS3, Responsive Web Design
- **Backend:** Node.js, Express.js, REST APIs
- **Databases:** MongoDB
- **Tools & Platforms:** Git, GitHub, VS Code, Canva, Postman
- **Concepts:** MVC Architecture, API Integration, Debugging

Projects:

Personal Portfolio Website | [GitHub](#) | [Live](#)

May 2026 – Jul 2026

- Designed and developed a responsive portfolio website to showcase technical skills, projects, and achievements.
- Created reusable React components with responsive UI and smooth animations using Framer Motion.
- Integrated Web3Forms for secure contact form submissions with real-time email notifications.
- Optimized application performance and ensured cross-browser compatibility with a mobile-first approach.
- Deployed the application on Vercel with GitHub-based CI/CD for seamless updates and version control.
- **Tech Stack:** React.js, Tailwind CSS, JavaScript (ES6+), Framer Motion, Web3Forms, Git, GitHub, Vercel.

SIA - Women Safety Application (MERN Stack, Google Map API) | [GitHub](#) | [Live](#)

Jan 2026 – Mar 2026

- Developed a women safety application that allows users to send one-tap SOS alerts during emergencies.
- Integrated real-time location tracking using Google Maps API and shared live location with emergency contacts.
- Implemented secure user authentication and emergency contact management using JWT and MongoDB.
- Built responsive dashboards and RESTful APIs using React.js, Node.js, and Express.js.
- Focused on improving user safety through instant notifications and location sharing.
- **Tech Stack:** React.js, Tailwind CSS, Node.js, Express.js, MongoDB Atlas, JWT, Google Map API.

Cloud Notes Application (MERN Stack) | [GitHub](#) | [Live](#)

Oct 2025 – Nov 2025

- Developed a cloud-based notes management application with secure authentication and CRUD operations.
- Implemented features to create, edit, delete, search, and organize notes efficiently.
- Designed a responsive React.js interface with seamless API integration.
- Built scalable backend services using Node.js, Express.js, and MongoDB.
- Optimized data handling to provide a smooth and user-friendly experience.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, Tailwind CSS.

Education:

- **B. Tech - IT** | Swami Vivekanand College of Engineering , Indore | CGPA: 7.34 | 2022 - 2026
- **12th** | Saraswati Shishu Vidhya Mandir, Barwaha | Percentage: 82 | 2021 - 2022
- **10th** | Saraswati Shishu Vidhya Mandir, Barwaha | Percentage: 89 | 2019 - 2020

Soft Skills:

- **Languages:** Fluent in English and Hindi
- **Leadership & Organizational Skills:** Organized college events and served as core Tech-Fest team member, showcasing leadership, teamwork, and event management skills.
